

VISHAL RASWANTH J.S

ASPIRING ENTREPRENEUR | PRODUCT STRATEGY &
INNOVATION

PROFILE

I am driven and purpose-led individual passionate about using technology and innovation to tackle real-world problems. Currently working on a startup idea focused on reducing unemployment and improving access to upskilling opportunities for underserved communities. Skilled in startup planning, MVP development, pitch preparation, and collaborative problem-solving. Committed to building impactful solutions that bridge gaps in opportunity and inclusion.

EDUCATION

BE VLSI design | RIT-Chennai
sept 2024 – may 2028

EXPERIENCE

Aspiring Entrepreneur – Business Strategy & Planning

Jan 2024 – Present

- Spearheading the development of a startup focused on reducing unemployment and enhancing skill access in underserved communities.
- Developed investor pitch decks, grant proposals, and go-to-market strategies tailored for the Indian HR tech market.

Aspiring Entrepreneur – Business Strategy & Planning

Jan 2024 – Present

- Developed a business model for a mission-driven startup focused on employment, upskilling, and inclusion.
- Drafted go-to-market strategy, partnership models (with ed-tech platforms and government schemes), and value propositions for both employers and job seekers.
